ABOUT US

Providing exclusive access to China

[The China Academy](#) is an intellectual content network dedicated to helping global audiences understand the real China. Backed by hundreds of millions of social media followers and exclusive access to academia, media and business in China, we now invite you to experience [China, Not Just Travel.](#)

We are partnering with [Sunriver](#), a leading Chinese travel company that is committed to developing one-stop leisure vacation services.

Our curated trips will show you everyday life; allow you to meet people of your interest; and help you understand China from ancient culture to the whys and hows of today.

WHAT SETS US APART

We wish to invite you to experience China up-close and personal, with carefully exclusively curated trips that explore China's cutting-edge technological breakthroughs, revolutionary history, ancient culture, rural revitalization, everyday life, and China's socialist path towards development.

Come join us for exclusive access, VIP experiences, deep educational insights, and a trip to China that is not just about travel.

CHINA 101

What you need to know before you arrive in China.

1. VISA*

Apply for a visa using [China Online Visa Application Form](#). **Collect required documents** and submit physical documents by mail. **Visa processing** takes around **4-5 days**. Go to Chinese embassy in your city. Pay for visa processing.

2. VPN*

Download a good VPN before you arrive. We recommend **Mullvad VPN** or **Lets VPN**.

3. ESSENTIALS

There are some apps you NEED to download. **Alipay, WeChat, AMap, and Didi** are some of them.

4. PAYMENT

Download and set up **Alipay** and **Wechat** apps before arriving in China. **Connect your overseas phone number** and **payment card** to these apps. These will be your **most-used apps in China**.

5. TRANSPORTATION

Download and set up **Didi**, which is Chinese Uber. Download **AMap**, which is Chinese Google Maps. Download **Dianping**, which is Chinese Yelp.

6. COMMUNICATION

Download **Baidu Translate**, or use **Deepseek, Yuanbao, Doubao** (AI translation apps) for translation.

7. ELECTRONICS

Plug A, Plug C and plug I. The supply voltage is 220V and 50Hz.
